

OXWELD C-66-1400

Industrial hand cutting torch

180° head variant shown

These hand cutting torches are designed for extra heavy-duty operations such as fast, efficient scrap cutting, and reliable emergency hand-cutting in a production mill environment. Available in torch lengths from 26 in. (0.6 m) to 72 in (1.8 m). Additional lengths, up to 16 ft. (5.0 m), can be special ordered.

Compatible with the OXWELD 1400 series nozzles.

- Cutting thickness range is 3 in. (0.08 m) to 28 in. (0.7 m) using alternate fuels
- Torch lengths from 26 in. (0.6 m) to 72 in (1.8 m), designed for extra heavy-duty operations for long trouble-free service life, available as 75°, 90° and 180° head options
- Torches 9 ft. (2.7 m) and over have protective out channel
- Off-center 180° head allows kerf to be widened by rotating torch; torch can then be inserted into kerf to deepen cut
- Fast, efficient scrap cutting
