

# Air, compressed

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

Date of issue: 01-01-2016

Revision date: 04-08--2017

### SECTION 1: Identification

#### 1.1. Product identifier

Product form	: Mixture
Name	: Air, compressed
CAS No	: 132259-10-0
Other means of identification	: Compressed air, synthetic air, reconstituted air, medical air, air USP, medicinal air, breathing air

#### 1.2. Recommended use and restrictions on use

Recommended uses and restrictions	: Industrial use Medical applications Diving Gas (Underwater Breathing)
-----------------------------------	---

#### 1.3. Supplier

RS Josef Group  
201 Basaltic Road  
Concord - Canada L4K 1G4  
T 416-658-1212  
[www.josefgases.com](http://www.josefgases.com)

#### 1.4. Emergency telephone number

Emergency number	: 1-613-996-6666 CANUTEC For routine information, contact your supplier or RS Josef sales representative.
------------------	--

### SECTION 2: Hazard identification

#### 2.1. Classification of the substance or mixture

##### GHS-CA classification

Compressed gas H280

#### 2.2. GHS Label elements, including precautionary statements

##### GHS-CA labelling

Hazard pictograms

Signal word

: WARNING

Hazard statements

: CONTAINS GAS UNDER PRESSURE; MAY EXPLODE IF HEATED  
MAY SUPPORT COMBUSTION

Precautionary statements

: Do not handle until all safety precautions have been read and understood  
Use a back flow preventive device in the piping  
Close valve after each use and when empty  
Protect from sunlight when ambient temperature exceeds 52°C (125°F)

#### 2.3. Other hazards

No additional information available

#### 2.4. Unknown acute toxicity (GHS-CA)

No data available

# Air, compressed

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

Date of issue: 01-01-2016

Revision date: 04-08-2017

### SECTION 3: Composition/information on ingredients

#### 3.1. Substances

Not applicable

#### 3.2. Mixtures

Name	CAS No.	% (Vol)	Common Name (synonyms)
Air	(CAS No) 132259-10-0	<= 100	Air, compressed / Ambient air

### SECTION 4: First-aid measures

#### 4.1. Description of first aid measures

First-aid measures after inhalation : Adverse effects not expected from this product.  
 First-aid measures after skin contact : Adverse effects not expected from this product.  
 First-aid measures after eye contact : Adverse effects not expected from this product.  
 First-aid measures after ingestion : Ingestion is not considered a potential route of exposure.

#### 4.2. Most important symptoms and effects (acute and delayed)

No additional information available

#### 4.3. Immediate medical attention and special treatment, if necessary

No additional information available

### SECTION 5: Fire-fighting measures

#### 5.1. Suitable extinguishing media

Suitable extinguishing media : Use extinguishing media appropriate for surrounding fire.

#### 5.2. Unsuitable extinguishing media

No additional information available

#### 5.3. Specific hazards arising from the hazardous product

Reactivity : No reactivity hazard other than the effects described below.

#### 5.4. Special protective equipment and precautions for fire-fighters

Firefighting instructions : Evacuate all personnel from the danger area. Use self-contained breathing apparatus (SCBA) and protective clothing. Immediately cool containers with water from maximum distance. Stop flow of gas if safe to do so, while continuing cooling water spray. Remove ignition sources if safe to do so. Remove containers from area of fire if safe to do so. On-site fire brigades must comply with their provincial and local fire code regulations.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Stop leak if safe to do so.

#### 6.2. Methods and materials for containment and cleaning up

#### 6.3. Reference to other sections

For further information refer to section 8: Exposure controls/personal protection

# Air, compressed

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

Date of issue: 01-01-2016

Revision date: 04-08-2017

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Precautions for safe handling : Wear leather safety gloves and safety shoes when handling cylinders. Protect cylinders from physical damage; do not drag, roll, slide or drop. While moving cylinder, always keep in place removable valve cover. Never attempt to lift a cylinder by its cap; the cap is intended solely to protect the valve. When moving cylinders, even for short distances, use a cart (trolley, hand truck, etc.) designed to transport cylinders. Never insert an object (e.g. wrench, screwdriver, pry bar) into cap openings; doing so may damage the valve and cause a leak. Use an adjustable strap wrench to remove over-tight or rusted caps. Slowly open the valve. If the valve is hard to open, discontinue use and contact your supplier. Close the container valve after each use; keep closed even when empty. Never apply flame or localized heat directly to any part of the container. High temperatures may damage the container and could cause the pressure relief device to fail prematurely, venting the container contents. For other precautions in using this product, see section 16.

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a cool, well-ventilated place. Store and use with adequate ventilation. Store only where temperature will not exceed 125°F (52°C). Firmly secure containers upright to keep them from falling or being knocked over. Install valve protection cap, if provided, firmly in place by hand. Store full and empty containers separately. Use a first-in, first-out inventory system to prevent storing full containers for long periods.

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

No additional information available

#### 8.2. Appropriate engineering controls

Appropriate engineering controls : Provide adequate general and local exhaust ventilation.

#### 8.3. Individual protection measures/Personal protective equipment

Personal protective equipment : Safety glasses. Gloves.

Hand protection : Wear work gloves when handling containers. Wear heavy rubber gloves where contact with product may occur.

Eye protection : Wear goggles and a face shield when transfilling or breaking transfer connections. Select in accordance with the current CSA standard Z94.3, "Industrial Eye and Face Protection", and any provincial regulations, local bylaws or guidelines.

Respiratory protection : None required under normal use.

Other information : **Other protection** : Safety shoes for general handling at customer sites. Metatarsal shoes and cuffless trousers for cylinder handling at packaging and filling plants. Select in accordance with the current CSA standard Z195, "Protective Foot Wear", and any provincial regulations, local bylaws or guidelines. For working with flammable and oxidizing materials, consider the use of flame resistant anti-static safety clothing.

### SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

Physical state : Gas

Appearance : No data available

Molecular mass : 28.975 g/mol

Colour : Colourless.

Odour : Odourless.

Odour threshold : No data available

pH : No data available

pH solution : No data available

Relative evaporation rate (butylacetate=1) : No data available

# Air, compressed

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

Date of issue: 01-01-2016

Revision date: 04-08--2017

Relative evaporation rate (ether=1)	: No data available
Melting point	: No data available
Freezing point	: -216.2 °C
Boiling point	: -194.3 °C
Flash point	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Vapour pressure	: No data available
Vapour pressure at 50 °C	: No data available
Relative vapour density at 20 °C	: 0.0012
Relative density	: No data available
Relative density of saturated gas/air mixture	: No data available
Density	: No data available
Relative gas density	: No data available
Solubility	: No data available
Log Pow	: No data available
Log Kow	: No data available
Viscosity, kinematic	: No data available
Viscosity, kinematic (calculated value) (40 °C)	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Flammability (solid, gas)	: Non flammable

### 9.2. Other information

Minimum ignition energy : >=

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

Reactivity : No reactivity hazard other than the effects described below.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

Acute toxicity (oral) : Not classified  
Acute toxicity (dermal) : Not classified  
Acute toxicity (inhalation) : Not classified

Skin corrosion/irritation : Not classified  
Serious eye damage/irritation : Not classified  
Respiratory or skin sensitization : Not classified  
Germ cell mutagenicity : Not classified  
Carcinogenicity : Not classified

Reproductive toxicity : Not classified  
Specific target organ toxicity (single exposure) : Not classified  
Specific target organ toxicity (repeated exposure) : Not classified

Aspiration hazard : Not classified

# Air, compressed

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

Date of issue: 01-01-2016

Revision date: 04-08--2017

### SECTION 12: Ecological information

#### 12.1. Toxicity

No additional information available

#### 12.2. Persistence and degradability

Air (132259-10-0)	
Persistence and degradability	No ecological damage caused by this product.

#### 12.3. Bioaccumulative potential

Air (132259-10-0)	
Log Pow	Not applicable for inorganic gases.
Bioaccumulative potential	No ecological damage caused by this product.

#### 12.4. Mobility in soil

Air (132259-10-0)	
Log Pow	Not applicable for inorganic gases.
Ecology - soil	No ecological damage caused by this product.

#### 12.5. Other adverse effects

No additional information available

### SECTION 13: Disposal considerations

#### 13.1. Disposal methods

Waste disposal recommendations : Do not attempt to dispose of residual or unused quantities. Return container to supplier.

### SECTION 14: Transport information

#### 14.1. Basic shipping description

In accordance with TDG

#### TDG

UN-No. (TDG) : UN1002  
TDG Primary Hazard Classes : 2.2 - Class 2.2 - Non-Flammable, Non-Toxic Gas.  
Proper shipping name : AIR, COMPRESSED  
with not more than 23.5% oxygen, by volume

Explosive Limit and Limited Quantity Index : 0.125 L  
Passenger Carrying Road Vehicle or  
Passenger Carrying Railway Vehicle Index : 75 L

# Air, compressed

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

Date of issue: 01-01-2016      Revision date: 04-08-2017

### 14.3. Air and sea transport

#### IMDG

UN-No. (IMDG) : 1002  
 Proper Shipping Name (IMDG) : AIR, COMPRESSED  
 Class (IMDG) : 2 – Gases

#### IATA

UN-No. (IATA) : 1002  
 Proper Shipping Name (IATA) : Air, compressed  
 Class (IATA) : 2

### SECTION 15: Regulatory information

#### 15.1. National regulations

No additional information available

#### 15.2. International regulations

#### Air (132259-10-0)

Listed on IECSC (Inventory of Existing Chemical Substances Produced or Imported in China)  
 Listed on NZIoC (New Zealand Inventory of Chemicals)

### SECTION 16: Other information

Date of issue : 01/01/2016  
 Revision date : 04/08/2017

NFPA health hazard : 0 - Exposure under fire conditions would offer no hazard beyond that of ordinary combustible materials.  
 NFPA fire hazard : 0 - Materials that will not burn.  
 NFPA reactivity : 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

#### HMIS III Rating

Health : 0 Minimal Hazard - No significant risk to health  
 Flammability : 0 Minimal Hazard - Materials that will not burn  
 Physical : 3 Serious Hazard - Materials that may form explosive mixtures with water and are capable of detonation or explosive reaction in the presence of a strong initiating source. Materials may polymerize, decompose, self-react, or undergo other chemical change at normal temperature and pressure with moderate risk of explosion

*This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.*
